

# 2019 Annual Runoff and Allocation Report

**Purpose:** This report is issued annually by the Water Forum Successor Effort to project March through November Unimpaired Inflow into Folsom Reservoir (March-Nov UIFR). Per the Water Forum Agreement of 2000, this hydrologic index is monitored every year during the months of February through June (See **Figure 1** and **Table 1**) to determine the type of water year and may be used by American River water purveyors and water right holders to determine the extent of their dry-year procedures. For more information on these topics, visit <http://www.WaterForum.org/Dry Year Procedures>.

**Projected Mar-Nov UIFR for 2019 is 2844 TAF.**

**Figure 1. UIFR Projections and Annual American River Water Allocation<sup>1</sup>**

**Monthly Runoff and Allocation Report; 2018 (continued)**

**Table 1. Monthly Runoff Values**

Month	UIFR Monthly and Total Volumes in TAF				Final Values
	February Publication	March Publication	April Publication	May Publication	
March <sup>1</sup>	370	720	754	754	754
April <sup>1</sup>	410	595	635	767	767
May <sup>1</sup>	450	690	760	690	690
June <sup>1</sup>	180	430	495	430	430
July <sup>1</sup>	40	105	130	103	103
August and September <sup>1</sup>	9	18	20	17	17
October <sup>2</sup>	30	30	30	30	30
November <sup>2</sup>	30	30	30	30	30
<b>Total</b>	<b>1,530</b>	<b>2,644</b>	<b>2,884</b>	<b>2,844</b>	<b>2,844</b>

<sup>1</sup> Values are from *Bulletin 120, Water Conditions in California*, California Department of Water Resources (DWR) for the given publication month (<http://cdec.water.ca.gov/snow/bulletin120/>). DWR publishes Bulletin 120 four times a year (February through May), providing forecasts of unimpaired flow for several watersheds in California for the given water year.

<sup>2</sup> Values are from *Technical Memorandum No. 1, Computing March through November Unimpaired Inflow into Folsom Reservoir*, Water Forum, May 2007.

**Significant Post May Events:**

Mid-Month storm events in May-2019 did not deviate appreciably from the norm. DWR's post-May runoff updates did not indicate significant changes to the May projection of the March-Nov UIFR. Therefore, no post-May adjustments were made.

**USBR American River CVP Municipal and Industrial Contractor Allocation**

On February 27, 2015 the CVP announced that Municipal and Industrial (M&I) water service contractors North-of-Delta who are serviced by Folsom Reservoir on the American River are allocated 25 percent of their historic use. (<http://www.usbr.gov/newsroom/newsrelease/detail.cfm?RecordID=48986>).

Please note that the CVP allocations are administered by the USBR and are not part of the Water Forum Agreement. The CVP information is provided for informational purposes only.
